SPECIAL APPEAL: SPEAK OUT – OBJECT & REJECT the DRAFT PSiRA AMENDMENTS – GAZETTE NOTICE 3088 (March 2025)

WHAT'S HAPPENING?

Government is pushing through sweeping changes to the PSiRA regulations without industry consultation – a blatant act of overreach that threatens **YOUR Rights and Safety**. The backlash is massive; even bigger than the 2021 Firearm Control Act outrage. Yes, regulation matters – but this is not about safety. It is about **CONTROL**. The private security sector is already well-regulated and professional. These amendments will cripple businesses, kill jobs, and undermine your right to choose how you protect yourself.

WHO SHOULD ACT?

-  **ALL** Firearm owners.
-  **Non-firearm owners**, concerned about the rights of firearm owners.
-  **EVERY** South African who believes in the RIGHT to self-determination & self-defence.

WHAT TO DO RIGHT NOW:

 Lodge your objection before the 25 April 2025:

1. Email PSiRA: regulations@psira.co.za
2. Sign the petitions with FreeSA at www.FreeSA.org.za/protecting-public-safety-through-private-security
AND with Dear South Africa at <https://dearsouthafrica.co.za/psira/>

 Key Objections to Mention:

- ◆ Ability of security companies to protect their clients will be severely compromised.
- ◆ Increased costs for security companies will be passed on to clients.
- ◆ Crime will skyrocket if security companies cannot perform their function.
- ◆ Massive potential for job losses in the security sector.
- ◆ More red tape = LESS safety & more chaos.

 **ENOUGH IS ENOUGH:** This is NOT just about specific regulation – it is about defending our RIGHT to FREEDOM, namely; life, safety, expression and economics.

Do not wait or stay silent – Stand up – Speak out – Act NOW!
